OWNERS SERVICE STATEMENT

Please read the Owners Service Statement so that you will be fully aware of all the benefits this gives you. Always remember that normal maintenance items, such as tuning, brake and clutch adjustment, etc., are not covered by the terms of the Owners Service Statement.

AFTER SALES SERVICE

Before handing your car over to you, your supplying Distributor/Dealer has made sure it is in first class condition. Try to let your supplying Distributor/Dealer have your car for its free service as near as possible to the 1,000 miles (1500 km). If your Distributor/Dealer is unable to do this service, arrangements can be made for another Distributor/Dealer to do it instead, providing this Passport and the enclosed voucher are endorsed accordingly.

Please remember that the cost of oil and other materials used in this Service is chargeable.

TRANSIENT WARRANTY

Warranty work on a vehicle sold out of territory will be carried out by any Distributor or Dealer holding the franchise for the particular vehicle providing failure is imminent or has actually taken place. Requests for rectification of faults having no bearing on the mobility of the vehicle will normally be referred to the selling Distributor or Dealer. Special individual arrangements may apply to fleet cars and owners who have moved from one area to another; details are available from the Selling Distributor or Dealer.

PREVENTIVE MAINTENANCE

Regular maintenance carried out by qualified mechanics is the key to safety and reliability for your car.

The Owner's Handbook provided gives details of maintenance requirements, some of which, like attention to tyres, oil/water/fluid/battery levels and wheel nut tightness, are the responsibility of you, the owner.
